The fee for the summer academy is € 50,--. This includes the accommodation for two nights (single room) and all meals at Tutzing. If you intend to come (leave) the day before (after) the start (end) of the conference, let us know. We will then try to make a reservation at modest additional cost.

OEI/APB offer a limited number of partial travel grants (max. 50% of the total travel cost) for participants from Central and Eastern European countries. Please state in your application whether you apply for this grant.

Conference fee: €50,--

How to reach the Academy?

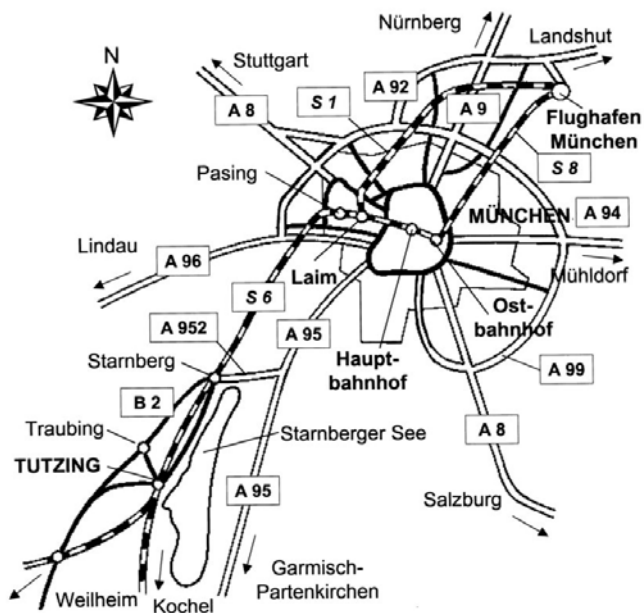

Tutzing is located about 40 km south of Munich on the shores of Lake Starnberg.

By train: You can either take the S-Bahn (S6) from Munich Hauptbahnhof (Central Station) to Tutzing (40 minutes) or you can take a fast train (Eilzug) from Munich Hauptbahnhof to Tutzing (28 minutes).

By car: Take the Autobahn from Munich to Garmisch to the Starnberg exit. From there, take road B2 to Traubing and there turn left to Tutzing. The Academy is located about 400 meters after the yellow "Tutzing" sign post on your left.

From Munich airport (MUC): Take the S-Bahn (either S1 or S8) to Munich Hauptbahnhof (Central Station) and change to S6, direction Tutzing (total travel time: about 90 minutes).

At Tutzing station you will find taxi cabs to take you to the Academy (4 minutes).

Energy and Environment in Eastern Europe

Third Joint OEI/APB Summer Academy
on Central and Eastern Europe organised by the
Osteuropa-Institut Regensburg in cooperation with
the Akademie für Politische Bildung Tutzing and the
European Association for Comparative Economic
Studies

June 29 to July 1, 2011

INVITATION

The Osteuropa-Institut Regensburg (OEI) is a regional studies center at the University of Regensburg focussing on emerging east European economies in a global perspective.

Situated south of Munich on Lake Starnberg, the Akademie für Politische Bildung Tutzing (APB, Academy for Civic Education) has a reputation for organising conferences and workshops in various fields of the social sciences.

In order to foster the exchange of ideas and networking among scholars, the OEI and the APB launched a series of annual Summer Academies. Impressions from the first and second event – including a detailed program – can be viewed at: <http://www.osteuropa-institut.de/summer-academy-2009.html> and <http://www.osteuropa-institut.de/summer-academy-2010.html>.

The OEI/APB Summer Academies on Central and Eastern Europe aim to bring together researchers in a workshop atmosphere. Each participant presents an ongoing or recently concluded research project and comments on another one, to be followed by a general discussion. In addition, three keynote lectures are presented. This format should be especially interesting for PhD students and post-docs. More senior researchers, however, are also welcome to participate. In order to ensure lively discussions, the number of participants is limited to 15. The workshop language is English. Participants from institutions in Central and Eastern Europe may apply for a (partial) travel grant.

The topic of the 2011 OEI/APB Summer Academy is **Energy and Environment in Eastern Europe**. Theoretical or empirical work may contribute – but is not confined – to the following areas:

- Energy and Economic Growth
- Energy Efficiency
- Climate Policy

Keynote lecturers include Jutta Albrecht-Saavedra (ifo Institut), Ferdinand Pavel (DIW econ Berlin), and Manuela Troschke (OEI).
